

*ENGAGING
THE VIDEO
GENERATION*

**EASILY SHARE
VIDEO WITHIN YOUR
LEARNING COMMUNITY**

Dear Dartfish User,

First of all, we would like to thank you for having adopted Dartfish as your teaching Video Application. Regardless of the time you have been using Dartfish, we hope this newsletter will give you some fresh ideas on how to make the best use of video in your teaching.

OUR GOAL IS TO PROVIDE YOU WITH SOLUTIONS TO INTEGRATE ICT FOR THE BEST IMPACT ON LEARNING:

- *Make video available ANYWHERE, ANYTIME*
- *Support LEARNER'S led PROJECTS*
- *Empower LEARNERS as MEDIA CREATORS*

With the new release of dartfish.tv online video platform (*a secured and protected video environment*), all the above is possible! (*Teachers can use different tools to engage the students and stimulate their motivation.*)

Moreover, we think about you and what we could do to encourage the use of videos in your lesson:

- > *In the next few weeks you will get access to an online video library dedicated to PE. Over 300 videos will be available for subscription.*
- > *Thanks to our contacts at UEFA, you can win a Ford Mini-bus for your school trips! See the attached flyer on how to use your Dartfish equipment to take part in this competition.*
- > *Do you use Dartfish for cross-curriculum activities in your school? If yes, share the activities with us and you will get a box of chocolates from the Swiss chocolate factory next door to the Dartfish premises.*

Contact us at info.uk@dartfish.com, subject "chocolate video contest" for the details.

DARTFISH.TV – SHARE WHAT MOVES YOU! Integrating video in your lesson is a challenge that most PE departments have taken on over the last few years. The vast majority of teachers have chosen Dartfish for this purpose.

Given the progress made by technology, PE teachers see the opportunity of creating collaborative environments beyond the classroom. To address this need, we are pleased to provide schools with a dedicated rich video platform that will allow teachers to benefit even more from the impact of video:

- ***Build and reinforce knowledge***
- ***Extend learning beyond the classroom***
- ***Value individual contribution and group projects***

For current Dartfish users the benefits will be immediate:

- ***Make rich video with key positions and graphic annotations a key ICT component for explaining processes and events***
- ***Deliver simply and easily, video content to any schools partners***
- ***Facilitate the assessment of Mediabooks created by pupils***

Discover www.dartfish.tv – visit your Education channel and browse through the various video collections.

Dartfish offers you a unique tool to integrate video analysis in your PE teaching. Easy to install, easy to use, it helps you fully engage your students in the learning process.
